Slimeatory free slime shop

What guests liked most: My friend watches Ameerah and told me to download the game, so I did and it was a fun competition, seeing who could level faster. But after a while I realized that I needed more gems, so I decided to buy the cheapest, 80 for 99 cents. I was charged with taxation and everything seemed to go through my apple ID, but I wasn't given my gems. I'm really upset because I had to get my mom involved to fix something so I could hit it off and I went through a lot of trouble to get nothing. I don't know if it happened to anyone else, but it's very upsetting. Also, I think there are a few things I would change, for one, I wish it wouldn't take that long for machines to build, 24 hours is a bit much, maybe 5 in MAX! And I think seeing as it takes so long to make machines may not have to wait that long to unlock all the mukes. My drone comes with orders I can't fill because I'm not at a high enough level and there are never any ads for these slimes in an advertising machine. It's so hard to align with a low amount of gem and I think alignment should give you more gems. Like when you level up I feel like you should get at least 10 or 20. I'm still very upset about getting scams for my money and asking for a fix. Open the Mac App Store to buy and download apps. WELCOME BACK TO SLIMEATORYYYYYYYYYHHHHHHHHHH!!!
